

## City Council Has Heavy Sidewalk Program Lined Up for Early Completion

**Citizens Must Have Premises Cleaned Up by Fifteenth of May, After Which Action Will Be Taken for Non-observance of Edict—Athletic Park Turned Over to Control and Supervision of Sports Association and Grant Is Also Made to That Body—City Fathers Very Busy**

A regular session of the City Council will be held Tuesday evening, with all members in attendance.

After the adoption of the minutes of last regular meeting, L. D. Montgomery, chief of the Fire Brigade, interviewed Council requesting the purchase of ten firemen's hats. Referred to Fire and Licence Committee with power to make the purchase.

R. R. Randolph appealed against an assessment on a car which he had not been using. Referred to Finance Committee for report.

Mr. and Mrs. A. Vars addressed Council respecting the purchase of house and four lots on Thuis street for \$350 and taxes from January 1st, 1927. Offer was accepted.

C. B. McDermid, C. D. Eiman, J. S. Thompson and B. W. Bellamy, addressed Council on behalf of the Wetaskiwin Sports Association, asking for the control and supervision of the former exhibition grounds for the season.

It was agreed that an agreement be entered into with the Sports Association giving them the control of the grounds, buildings, etc., for athletic purposes for the year 1929.

The Chairman of the Lands Committee was instructed to collect back rents at exhibition grounds and have the tenant vacate the premises; the Association was also promised police protection.

The application for a grant of \$250 was made to assist in grading and maintaining the track on the grounds.

Hon. Chas. Stewart, Minister of the Interior, wrote the Council in reply to a request for lease of natural gas rights to the city. J. W. Martin of the Department, also wrote the lease of gas area. Referred to Utilities Committee for report and recommendation.

The Calgary Iron Works gave quotations on brass and scrap iron. The Riverside Iron Works submitted a price for the removal of the water tank and replacement of same.

B. F. Mitchell, architect, wrote stating he had forwarded plan and profile for the culvert under the C.P.R. track to drain the slough north of the power plant, to the C.P.R. officials.

Mr. Fox, Supt. of the district of the C.P.R., will be requested to meet the Council the first time he passes through Wetaskiwin.

The Public Works Committee was instructed to remove the frost protection from the hydrants.

The matter of using the lot, corner of McDonald and Thuis streets (Mrs.

### LARGE APPROPRIATION VOTED ALBERTA

Ottawa, April 27.—With little discussion, the public works estimates for Alberta totalling \$556,700 were passed in committee of supply of the house of commons Friday.

The total includes: Public building at Calgary, \$300,000; building for immigration and customs purposes, Calgary, \$2,500; public building at Camrose, \$35,000; immigration and customs building, Camrose, \$2,500; improvements and repairs to Dominion public buildings in the province, \$17,000; grain inspection building, Edmonton, \$5,000; immigration building at Edmonton, \$65,000; addition to Edmonton public building, \$100,000; army accommodation, Redcliff, \$1,200; additions and alterations to Red Deer public building, \$2,000; public building at Vegreville, \$15,000; installation of pick up table, Calgary post-office, \$3,500, and public building at Watnawright, \$28,000.

## Form Ladies' Athletic Club for City Tomorrow Evening

Sports enthusiasts of Wetaskiwin are about to take the initiative in the formation of an Alberta Branch of the Women's Amateur Athletic Federation of Canada. The first step will be taken tomorrow (Friday) evening, in the City Council chamber, sponsored by the Wetaskiwin Sports Association, when it is hoped that a Ladies' Athletic Club will be formed, affiliated with the Sports Association. At the last annual meeting of the Amateur Athletic Union of Canada, held in Port Arthur in December, that body granted to the Women's Amateur Athletic Federation of Canada complete control over women's athletics throughout Canada. This body is quite active in the fostering and control of track and field athletics, basketball, hockey, softball and other phases of the athletic endeavor indulged in by the fair sex.

It is proposed that a provincial women's athletic meet be held in this city, and tentative plans have been under way through correspondence with officers of the W.A.A.F. of C. to on the occasion of the meet effect the organization here of an Alberta Branch, with delegates present from various parts of the province.

The meeting tomorrow evening is scheduled to start at 8 o'clock. A general invitation is extended to the fair sex to attend, not only the grown-ups but those who take part in athletics and team play games. Members of the Girl Guides, W.I. Girls' Club, etc., should be particularly interested, and the mothers of the city should be well informed.

### AUTOMOBILES AND PLANES TAKE LIVES

Twenty-eight people were killed and 23 injured in automobile and other accidents in Canada and the United States over the week-end. Most of the deaths were due to carelessness or recklessness in driving. Three of the victims were burned to death in a plane crash and another plunged to his death from a parachute.

## Town Topics

Dr. N. A. Johnson has been ill for a few days, but is now getting along quite well.

C. D. Eiman returned last week from a business trip to Brandon. He also visited relatives at Moose Jaw.

P. A. Miquelon returned Monday evening from Prince Rupert, where he recently instituted an Elks' Lodge.

The Swedish Lutheran Ladies' Aid will meet at the home of Mrs. A. Miquelon on Wednesday, May 8th, at 2:30.

The Peace Hill Chapter I.O.E. will meet at the home of Mrs. P. A. Miquelon on Tuesday evening, May 7th, at 8 o'clock.

Curt Smith of the Dillard Hotel, left a few days ago on a business trip to Vancouver. He expects to return on Wednesday next week.

The friends of Mrs. Parlee of Mill, are glad to know that she has recovered sufficiently from her recent operation to be moved to her home.

Thos. Torsen and Co. have moved the ware room of the Nash cars from the rear of Chalmers' Hardware Store to the premises recently vacated by Stewart Pool.

The Criterion Apartments have been improved by the installation of fire escapes, which will make it much safer for the large number of tenants who occupy the building.

Rev. Appelt was absent from the city on Sunday to take the services at Ponoka Mental Hospital and at Blinmark. On Sunday night he was the guest of Mr. and Mrs. Chris. Schmidt of Ponoka.

Pete Ryan, who has been employed for several months in a store at Cadomin, returned to Wetaskiwin a few days ago and is now employed in the grocery department of the U.F.A. Store. Mrs. Ryan accompanied him.

A very enjoyable dance was held in the Elks' hall on Friday evening last, under the auspices of the Oddfellows of the city. The music was supplied by the Moonbeams and a large crowd attended. It is reported that a very fine time was spent.

Monday, May 6th, has been named as Arbor Day by decision of the Provincial Government. On this special attention will be paid throughout the province to the planting of trees and flowers and the beautification of homes and grounds.

Scout Roger Paton has been nominated by the 1st Wetaskiwin Troop to compete for a trip to the International Scout jamboree. If he is successful this will mean a free trip to England, eight days tour of England and Scotland. We wish him success.

The W.C.T.U. District Convention of Central Alberta is being held in the First United Church on Thursday and Friday of this week. A play "Right About Face" is being put on by the troupe, with a free trip to England, eight days tour of England and Scotland. We wish him success.

The departure of the family from Vermilion passed practically unnoticed, although it had its tragic note. The husband and father joined his family at the railway station, where he had been serving a term for theft of grain from one of his neighbors.

It was after this theft that action was taken to send the family out of the country. He had served about one month and a half of his three months' term when the necessary papers were obtained.

The regular monthly meeting and luncheon of the Board of Trade will be held in the Dillard Hotel on Monday, May 6th, at 8:30 a.m. Mr. Geo. Van Allen, President of the Edmonton Chamber of Commerce, will be present to address the meeting, and there will also be present a number of visitors from the Edmonton Board. A good attendance is requested.

A COUPLE OF FIRES  
The slaughter house of the Sanitary Meat Market in the southern part of the city was totally destroyed by fire Wednesday evening about seven o'clock. The brigade was called, but as it was beyond the water area, nothing could be done to save the property. The damage is estimated at about \$100.

The fire brigade was called out about 3 o'clock this (Thursday) morning to a grass fire at the home of George L. Gothard. No damage was done.

MR. VAN ALLEN WILL ADDRESS BOARD OF TRADE MONDAY

The regular monthly meeting and luncheon of the Board of Trade will be held in the Dillard Hotel on Monday, May 6th, at 8:30 a.m. Mr. Geo. ## Clean Up!

Spring housecleaning time is here and the busy housewives are beginning to tear things to pieces in their homes, discarding unused articles and replacing them with new things. The men also are digging up their yards, hoes and shovels to prepare their gardens. Many are also considering how a coat of paint would improve their homes. We want to have our town looking its best this summer and everyone can do his part to accomplish this end. It would not be amiss for the town council to take the initiative by cleaning up the vacant town property where the farmers are accustomed to feed their horses while in town. Let us have a clean-up, paint-up week.

WORK AT WETASKIWIN'S OIL WELL TO BE RENEWED

Two highly experienced oil drillers from the United States were brought to Wetaskiwin Friday to look over the situation at the well now being put down by the Globe Drilling Co. in the Pigeon Lake field. It will be remembered that about five years ago this well was put down to a depth of 1200 feet. In going even to this depth, two good flows of gas were encountered and the indications were encouraging.

Since that time, owing to a scarcity of funds, operations have been at a standstill, but the company is again active and has already secured considerable cash and applications for stock. Consequently, work will be started immediately. It will take a little time getting the derrick, tools, etc., in shape, when actual drilling will begin. The surface indications are good and some prominent geologists consider the location very good for both oil and gas.

In a direct line, this property comprising some 5500 acres, lies about twenty-six miles west of Wetaskiwin. This is approximately the same distance Turner Valley is from Calgary. If Wetaskiwin has a Turner Valley at its back door, what it will mean to the city and district can hardly be imagined. At any rate, the Globe Drilling Co. is going to find out before long.

There is only one conclusive proof of the existence of oil, as geologists will agree, and that is the drill, or bit, which has been put down for we have an oil field or not.

WEDDINGS

POOLE-KAISER  
The marriage of Miss Bertha Kaiser, formerly of Wetaskiwin, and Mr. Jack Poole, son of Mr. and Mrs. George Poole, took place on Wednesday afternoon, April 17, at the home of the groom's parents, with Rev. O. M. Sanford officiating.

The bride was attired in a blue travelling suit with a fox fur, the gift of the groom. She carried a shower bouquet of Opheles roses, carnations and lily-of-the-valley. Miss Lillian Hott was the bridesmaid, while Mr. David Walker, nephew of the groom, acted as best man.

The ceremony a buffet supper was served, the table being decorated with daffodils and yellow and white streamers. Mr. and Mrs. Poole left for a honeymoon trip to Seattle.

INSTALLATION OF OFFICERS  
LOYAL ORDER OF MOOSE 1559

Wetaskiwin Lodge Loyol Order of Moose No. 1559, installed their officers for the ensuing year, last Thursday evening as follows:

Dictator—Mr. H. Hardy.  
Vice-Dictator—Jos. Olstad.  
Past Dictator—Victor A. R. Scott.  
Secretary—E. E. Thompson.  
Treasurer—E. E. Thompson.  
Inner Guard—E. Conrad.  
Outer Guard—B. Porties.  
Trustee—Ed. Peterson.  
Sergeant-at-Arms—A. L. Bellar.

The Degree team of the Women's Mooseheart Legion, under the able leadership of Mrs. Bellamy, assisted in installing Officer Past Dictator H. Lee with the installation ceremonies.

### SWEDEN AS A MODERN INDUSTRIAL AND CULTURED NATION

Mr. Otto Rob. Lundell, editor of the Stockholm Daily News, will lecture on "Sweden as a Modern Industrial and Cultured Nation." He will illustrate his lecture with Slottigian views, some of them of Captain Lindbergs' rescue of Noble on the ice floe. In the U.F.A. Hall, Sunday, May 6, at 8 p.m. Come, see and hear.

## Town Topics

Ray H. Compton of Edmonton, was a weekend visitor at the home of his parents.

The Hospital Aid Society will meet in the Nurses' sitting room on Tuesday, May 7th, at 4 p.m.

Monday next is Arbor Day, and the banks and Government offices in the city will be closed all day.

The Ven. A. E. Burgett, Missionary Archdeacon of the Diocese of Edmonton, was a visitor in town last week, guest at the Vicarage.

The Rev. E. F. Pratt and Mrs. Pratt were guests at the Vicarage last week. Mr. Pratt is Vicar of St. Mark's Church, Edmonton.

Mr. Barrett who recently commenced the publication of a newspaper at Forestburg, paid The Times a friendly visit on Tuesday afternoon.

The Scandinavian Ladies' Hospital Aid will meet at the home of Mrs. Harding on Tuesday, May 7th, at 3:30 p.m. Everybody welcome.

Miss Jennie Feary of the Manse, Wetaskiwin, left on Tuesday for a few months' visit to her sister Mrs. D. D. Grant of Kenilworth, and other friends in Manitoba.

Keith French returned a few days ago from his studies at the University of Saskatchewan, Saskatoon, and left Tuesday evening for Edmonton to accept a position with the Canadian Pacific Express Company for the summer months.

Rev. Appelt left Wetaskiwin on Tuesday morning to attend the Pastoral Conference of the Northern Alberta Synod on Saturday morning.

Rev. Appelt expects to return home on Thursday.

Mrs. H. J. Montgomery underwent a very serious operation in the Wetaskiwin hospital on Saturday morning last. Her host of friends are glad to know that the operation was successful and that she is doing as well as could be expected under the circumstances.

The Salvation Army is in urgent need of funds to carry on its gigantic and daily-increasing work in Western Canada. The character, value and all-embracing nature of that work is known to everyone. The S.A. believes it will have your generous support during the coming Self-Denial effort.

Bible study examinations have been held during the past week in the First United Church Sunday school, at which 45 pupils of the Intermediate Department wrote. The examination papers were compiled by the Board of Religious Education in Toronto and the answer papers have been sent to Toronto to be marked.

All the farmers of this community are busy sowing wheat this week. If the favorable weather continues, many of the farmers will finish sowing their grain this week. The ground is in first class condition, and the seedling is being done under the most favorable conditions, as there is sufficient moisture in the ground for present needs.

AGED CITIZEN GIVEN SURPRISE BIRTHDAY PARTY

An unusual and at the same time very enjoyable surprise party was held at the home of Mr. and Mrs. Frank Fee on Wednesday evening of last week, when a number of friends assembled, the occasion being the seventy-seventh anniversary of Mr. Fee's birthday. Among this pleasure of the evening were the selections by a orchestra which recently organized composed of Mrs. Bert Fee, pianist, Mr. R. Feder, double bass violin; Gust. Litman, saxophone; Don Litman, violin; Hannah Litman, Lucy Entorf and Minnie Radomski, guitar.

Shortly after the arrival of the first party of friends, a number from the Crooked Lake district joined the assembly and were soon actively engaged in the entertainment. Among those taking part in the program were Mr. and Mrs. Alf. Fevne, who assisted with the music, rendering several beautiful and appropriate numbers. During the course of the evening, Mr. Fee was presented with a purse of money, accompanied by the wish that he would be spared many years to enjoy the friendship of his many friends.

The recipient made a suitable reply, thanking those assembled for their very kind thoughts and actions. Refreshments were served and a very enjoyable evening was spent.

## Sports Association Will Present More and Bigger Attractions This Summer

**Success of Operations During Past Year Far Beyond Expectations—Start Season With Little Over Dollar and Now Have Nearly Five Hundred to the Good—Much New Equipment to Be Installed—Provincial Championships Here Again This Year—Foster Ladies' Club**

The Wetaskiwin Sports Association this city has received much well-deserved publicity.

The Junior Track and Field Championships of Alberta will be held here again this year, the tentative date to be arranged by the Program Organization Committee, and preliminary arrangements will be commenced within a few days. It is very likely that a Ladies' Athletic Meet will also be staged, with competitors from all over the province.

Last year the Association conducted local junior championships, which will be continued, and in addition arrangements were made for juvenile and midget championships for both boys and girls.

Baseball, basketball, soft ball and other forms of outdoor sport were given consideration during the evening, but nothing definite transpired. On behalf of the Executive Committee, Secretary McDermid presented the following report:

The work accomplished and sports held by the Association during the past season of 1928 were of a very successful nature, in which we believe you will all concur on the hearing of the treasurer's report.

On the sports ground a good deal of needed work was accomplished. The baseball field was levelled and very creditable baseball diamond was the result. The bleachers and backstop were practically rebuilt. A fence was erected along the home stretch of the race track, the track itself was graded, levelled and floated in preparation for athletic and field sports. This entailed a considerable expense well beyond of our February 16th of last year, at the time of the annual work was done leaving a nice balance in the bank to begin further improvements this coming season.

Your receipts were very successful in their venture together with the \$20.44, with disbursements of \$766.48. With an allowance of \$145.57 for outstanding cheques, there is now a net bank balance of \$493.36.

The Association is now in a position to purchase a considerable amount of much-needed equipment. Last year a limited amount was temporarily secured through the kindness of athletic organizations in Edmonton. Among the new equipment which is expected to arrive from Eastern Canada shortly is a vaulting pole, men's discs, women's discs, etc. New jumping standards will be secured in Edmonton.

One of the important matters taken up was the proposed formation of a Ladies' Athletic Club, which was endorsed and will be sponsored by the Association, with which body the Ladies' Club will be affiliated. The organization meeting will be held tomorrow evening in the City Council chamber.

Messrs. Bellamy, Chalmers, Snyder and Beavo were selected as a committee of Program Organization for the year. They will draft tentative plans for athletic sports throughout the season, with possibilities of an attractive program being presented on May 24th as a starter.

President Johnson, Secretary McDermid and Messrs. Eiman and Thompson were selected as Grounds Committee for the year. They were also instructed to interview the City Council on behalf of the Association, particularly with respect to improvements and supervision of the park.

Messrs. Richards and Taylor were appointed a special committee to solicit subscriptions for The Canadian Athlete, a monthly magazine published in Toronto, through which medium we clubs in Western Canada. In speaking of the personnel and work of the International Convention, he stated that not a finer body of men could be found anywhere and he was of the opinion that about any international differences arise the Kiwanis Clubs of the continent would exercise a greater influence in their settlement than even the league of nations. He announced that the Western Canada convention would be held in Medicine Hat in September and requested that as many members from Wetaskiwin be in attendance as possible. He also urged that the Wetaskiwin Club send a delegate to the International Convention to be held at Milwaukee on June 23 to 27. Kiwanian Whyte is very popular with the Wetaskiwin Club and his

(Continued on Page 4)

And just here we might say that we are very grateful to the Mayor and the City Council for the donation made to the Association, also the way in which they responded when aid was needed in our work on the grounds.

We are also grateful to the women and citizens who made it possible for us to hold the athletic meet, in their taking into their homes and entertaining visiting athletes.

And now in passing the work of this Association on to the officials for the coming season, we hope they keep up the work on the sports ground, as there is a great deal of needed improvement yet to be done, and in their endeavors for the coming season we wish them every success, hoping it will be a banner year.

NEW HOG GRADES WHICH  
WILL BE FORCED  
UNDER NEW SYSTEM

The following are the new grades which are soon to become effective on hogs marketed in the province. This new system is now being tried out but so far government officials have had no word as to the date when it is to be put into force.

Grade 1—Select Bacon: Hogs weighing 180 to 230 pounds W.O.C. at stockyards and abattoirs or hogs weighing 190 to 230 pounds fed and watered at stockyards or at local shipping points and at such other points as may be designated from time to time; fowl and shoulder light and smooth; back from neck to tail evenly fleshed, side long, dropping straight from back, belly showing thickness of fleshing; flank well let down and firm; ham full; good general finish; no excess fat.

Grade 2—Bacon: Hogs weighing 170 to 230 pounds W.O.C. at stockyards and abattoirs or hogs weighing 180 to 230 pounds fed and watered at stockyards or at local shipping points and at such other points as may be designated from time to time; of the same general characteristics as Select Bacon Hogs, but lacking somewhat in length and or in general quality as compared with the Select Bacon grade; good general finish; no excess fat.

Grade 3—Butchers: Hogs weighing 150 to 230 pounds W.O.C. at stockyards and abattoirs or hogs weighing 160 to 240 pounds fed and watered at stockyards or at local shipping points and at such other points as may be designated from time to time; not conforming to the standards for the bacon grades, smooth fleshing and good finish.

Grade 4—Heavies: Hogs weighing over 230 pounds and up to 260

Striking photo of Toronto's new waterfront taken from Hanlan's Point. The latest C.P.R. hotel, the Royal York, stands out prominently in the centre with the new Star building directly behind it and the Sterling Tower half way between it and the City Hall clock tower. On the right are Toronto's original skyscrapers at the corner of King and Yonge.

pounds W.O.C. at stockyards and abattoirs or hogs weighing over 240 pounds and up to 270 pounds fed and watered at stockyards or at local shipping points and at such other points as may be designated from time to time; of smooth conformation and finish.

Grade 6—Lights and Feeders: Hogs of smooth conformation under 150 pounds W.O.C. at stockyards and abattoirs or hogs weighing under 160 pounds fed and watered at stockyards or at local shipping points and at such other points as may be designated from time to time; of the same general characteristics as Select Bacon Hogs, but lacking somewhat in length and or in general quality as compared with the Select Bacon grade; good general finish; no excess fat.

Grade 7—Roughs: Hogs of rough conformation. Any weight.

Grade 8—Sows: All females that have raised one or more litters. Sub-

Grade (a) Those of smooth finish and trim underline weighing up to 350 pounds W.O.C. at stockyards and abattoirs or sows weighing up to 360 pounds fed and watered at stockyards and abattoirs at local shipping points and at such other points as may be designated from time to time. Sub-

Grade (b) All other sows.

Grade 9—Stags: Boars which have been castrated and are well headed.

## CANCER

Cancer is an old disease. It is described in the writings of the ancients which have come down to us. Only in comparatively recent times has it been understood that the various tissues of the body are made up of the one type of cell, all coming from one parent cell. Similarly, cancers arise from each type of cell and remain of that type. If the cancer begins in the stomach and spreads to the liver, the growth in the liver will resemble stomach cells, not liver cells.

Under normal conditions, the cells of the body divide, grow, mature and die. At present, we do not know what controls this process. Apparently

when this control is lost or disorganized, growth occurs which, in some cases, is cancerous or malignant.

There are many theories concerning the cause of cancer, which is another way of saying that there is no satisfactory or generally accepted theory. The disease is not hereditary. In most cases, it occurs after some sort of chronic irritation. This irritation may be mechanical and be produced by broken teeth, which do not meet properly and have sharp edges, and a poorly fitting plate. The irritation may be due to a chronic inflammation, such as infected teeth or sinuses, or of the lining of the uterus. Habitual abuse of the stomach may produce a chronic irritation of that organ. Constipation is probably a factor in cancer of the rectum.

It has not been shown that any particular type of diet has any influence on cancer. Our present knowledge permits us to say that its prevention lies in the prevention or removal of types of irritation above referred to. By a regular health examination, these sources of infection may be found and the need for their correction pointed out, which is one excellent reason why everyone should be examined regularly by his family physician.

At present, our only method of cure is by removal or destruction of the growth, once it has developed. If done early, this offers a good chance for cure. It is early treatment which, alone, is of value.

Questions, concerning health, addressed to the Canadian Medical Association, 184 College street, Toronto, will be answered personally by correspondence.

## LIKING YOUR JOB

(By Walt Mason)

It's a refreshing thing to meet the man who likes his daily chore, who makes no moan or grumpy face, who does not think his job a bore. At

times we meet this sprightly man, and it is always safe to guess that he will "join the caravan" of those who make a big success. He goes to work with buoyant step, as though he thinks his labor fun, he shows a kind of vim and pep, he's sorry when the work day's done. The boss looks down upon his men, on those who spring, on those who crawl, and with his costly fountain pen he's keeping tabs upon them all. He deftly puts the hootie sign against the names of those who shirk, and credits those who toe the line and seem to revel in their work. We find some fellows blocking him, they detest their dreary task; they would be happy slinking out, or putting a surreptitious "X" mark. We see some fellows on the bench, collecting driftwood for their fire; they hate that work—they'd like to preach, or sing contralto in a choir. We see some neighbors mending shoes, which occupation jars and stings; they'd hire a hall and air their views on all the vital, living things. We see some parties shoeing mules, they groan with every nail they drive, they feel they should be teaching schools and keeping learning's light alive. And none of them will cut much ice while through this busy world they wend, and few of them will have the price to pay, the sexton in the end.

LIVESTOCK DEALER CHARGED  
WITH FALSIFYING WEIGHTS

Charged with falsifying approximately 360 from the Swift Canadian Company, of Edmonton, by an alleged false pretense, namely, that of fraudulently increasing the weight of a shipment of hogs, Clifford Raby, well-known Lethbridge dealer, appeared before Magistrate Hamilton for preliminary hearing on Friday afternoon. Six other similar charges were preferred at the same time, but evidence on only the first was heard. At the con-

clusion of the evidence for prosecution, M. E. Moscovitch for the accused, asked that he be discharged, and after discussion the court agreed to adjourn the case till Tuesday afternoon.

L. F. Dawson, manager of the Vulcan Co-operative, testified that on March 6 he had billed the Swift Canadian Company two carloads of hogs, weights as invoiced to Raby, who was acting as buyer, being 18,460 and 15,500 pounds respectively.

S. W. Barham, Calgary, produced copies of invoices which had been sent by his firm as commission men to the company for the same cars, weights being given as 18,760 and 15,800 pounds. When asked how they knew what weights to invoice, witness said his firm had received them over the telephone. Practically all business at the stockyards, he said, was done by word of mouth, and no memoranda of transactions were made.

George V. Thompson, livestock buyer for Swift's office at Calgary stockyards, stated that these two cars shipped from Vulcan had been received by them and paid for to Barham and Jenkins at their invoice weights.

Sergeant Smith and Detective Hester, of the A.P.P., gave evidence, the latter stating that among documents removed under search warrant from Raby's office no invoice from the Vulcan Co-operative had been found.

There was a crowded courtroom, as the case is the first prosecution of this nature known in the province. H. W. Church, K.C., for the Crown; M. E. Moscovitch for the defence.

## POULTRY MANAGEMENT

By Alex. Taylor's Hatchery, Winnipeg  
Of the three phases of poultry raising—feeding, breeding and management, there is no doubt that feeding is commercially most important and to be really profitable one must have a well bred-to-lay flock, take good care of them, feed good feed and keep the poultry house sanitary. Low average egg production is undoubtedly due to feeding hens entirely on whole grain and given all they want and allowed free range, average fifty eggs per year. Biologically tested mash has produced 300 egg hens at a small additional cost above grain fed hens. The objects of feeding are to maintain the body in good health, to promote the most rapid and efficient growth to obtain maximum egg production. A hen requires from 75 to 90 pounds of feed per year; 60 to 80 per cent goes to body maintenance. A hen is expected to produce several times her weight in eggs in the course of a year and one that lays 200 two ounce eggs produces approximately 44 ounces of egg shells, that is one of the reasons why minerals play such an important part in poultry feeding. If the feed is not sufficient in mineral protein or carbohydrates the bird's system is unquestionably severely strained. The ration for a laying hen must include the necessary ingredients in the right amount to nourish all parts of the body and make eggs. She may lay for some time at the expense of her body tissues but ultimately the result is lower egg production and higher mortality. The materials that compose feeds are chemically classified as carbohydrates, fat, protein, ash and water. The carbohydrates and fat consist essentially of carbon and water, that function is to supply heat, energy and fat for the body tissues also

IT PAYS TO SELL ON GRADE. Take good care of them, dirty soiled eggs are always Seconds, no matter how fresh. Bring them in at least twice a week, then see the difference in your returns.

## The Wetaskiwin Produce Co.

yolk for the egg. The proteins form the flesh, feathers, tendons, blood and white of the egg. Proteins in the food should be as nearly like the proteins forming the chicken and the egg as possible. Ash or minerals play an exceedingly important part in poultry nutrition. A laying hen needs a large quantity of minerals and to feed a ration deficient in minerals will tend to have weak bones and tissues, look thin and is subject to disease. Large amounts of calcium are required for bones, egg shells and tissues, and quantities of phosphorus sodium and chlorine are required for blood, bones and tissues. If a hen is not given a sufficient quantity of minerals she will either stop laying or decrease the size of the egg or produce weak shelled eggs. Feeding which consists of the birds consuming large quantities of mash gives them larger quantities of minerals and they are able to maintain body weight under the strain of heavy egg production.

The cod liver meal and oil in the mash not only supplies quantities of minerals but ensures full mineral nutrition to the other feeds in the mash, also conditions the blood, strengthens the texture of the shell and health of the hen in winter and summer, also during the moulting season.

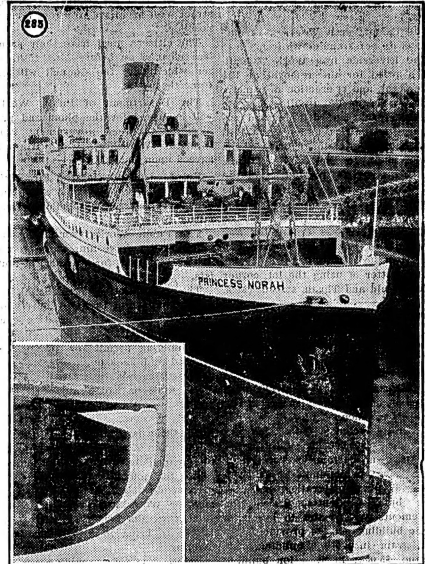

Pert Young Thing: "Don't you think there should be more clubs for women?"

Grumpy Old Thing: "Oh, no! I should be inclined to try kindness first."

"Omlush, you'd better lock me up. Just hit my wife over the head with a club."

"Did you kill her?"

"Don't think so. Thash why I want to be locked up."—American Humor.

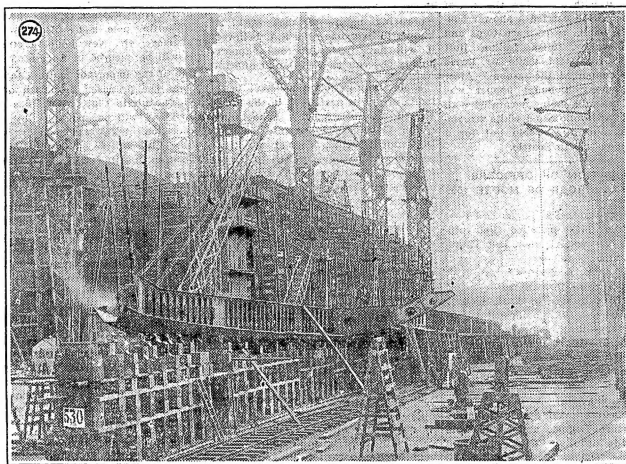

## Follows Her Nose.

A bow rudder is a unique feature in the equipment of the Princess Norah, latest addition to the fleet of the British Columbia Coastal Steamships of the Canadian Pacific Railway. This facilitates the control of the vessel in the narrow channels in Pacific coastal waters and between Vancouver Island and the mainland linking the ports of Vancouver, Victoria, and Seattle.

## NEW EMPRESS UNDER CONSTRUCTION

Out of this noisy forest of steel derricks will shortly come dignified order in the shape of a new forty-thousand ton liner which is now being constructed for the Canadian Pacific on the Clyde. Number 530 is the "Empress of Britain", designed for the St. Lawrence route. In the photograph small figures are seen putting finishing touches to the keel.

## PA'S SON-IN-LAW

# THE DESPERATE LOVER

By E. Phillips Oppenheim

Illustrated by Frank B. Jones

ELEVENTH INSTALLMENT

"I, too, had a great surprise, Margherita. You will not wonder what the man to whom your love is given, in the light which streamed from the uncurtained window everything in the room was distinctly visible to me. Was I dreaming, child, or were you indeed assenting to the embrace of the man whose arms were surely around you? Him, I could not see, for he was back was turned to the window; but will you laugh at me, I wonder, if I tell you that I felt strangely jealous of him. I am a foolish old man! I have taken a furnished cottage on the outskirts of this village, and a heart is yours, and I had begun almost to look upon you—in my thoughts—as my own child. I cannot bear the thought of giving you up to any one. You will not think me very, very selfish. I have only a few more months to live, and I know that you will not grudge that much out of your future, that you will stay by me to the end. Afterwards, I have no wish save for your happiness; and although I must confess that I had hoped you might have married one of the sons of our own country, still it is you who must choose, and I owe you, or shall owe you soon, too great a debt to press upon you any desire of mine, which is not at one with your wishes. But I have told you this—he is an Englishman—told him so, and I have not man? Alas! I fear so. Send me a promised to marry him. That is not word by the bearer, and tell me; tell

me, too, of what family he is, and whether he is noble. But of that I feel already assured, if he be indeed the man to whom your love is given. You must surely have sustained a shock at my sudden and rash appearance. Doubtless you wonder at seeing me here at all. I could not keep indeed assenting to the embrace of the man whose arms were surely around you? Him, I could not see, for he was back was turned to the window; but will you laugh at me, I wonder, if I tell you that I felt strangely jealous of him. I am a foolish old man! I have taken a furnished cottage on the outskirts of this village, and a heart is yours, and I had begun almost to look upon you—in my thoughts—as my own child. Leonardi di Marioni at the Window

to send him away from me. I have strength in his tone, and the fierce light which had swept into his face. "It is done, child. Say that it is done!"

"No." "Something in her tone and subdued manner seemed to strike a note of fear in his heart. He leaned forward, grasping the sides of his chair with nervous, quivering fingers, and looked hurriedly into her face. "No; you have had no chance, then? But you will have soon? Is it not so? Soon, very soon?"

"Margherita." "I have received your letter, and I have pondered over it. You are young to have such a sorrow, yet I do not doubt but that you will act as becomes your race. You can never think of marriage with this man; you a Marioni, he a St. Maurice. Yet I grieve that you have let such a feeling steal into your heart. Pluck it out, Margherita. I charge you; pluck it out by the roots! Think not of the wrong done to me, or, if you do, think of me not as a man and your uncle, but as Count Leonardi di Marioni, the head of my family, the head of your family. We have been the victims, but the day of our vengeance is at hand. There is no life without its sorrows, child! In the days to come, happiness will teach you to forget this one.

"Farewell, my child. I shall send you no more notes. Write or come to me the moment the deed is done! Come to me if you can; I would hear your own lips tell me the news. Yet do as seems best to you. In sympathy and love."

"One word more, child. Do not for a moment imagine that I blame you for what has happened. Old man though I am, I too know something of the marvels and the vagaries of this same love. Will can have little to do with its course. I, who have suffered so deeply, Margherita, can and do sympathize and feel for you."

"Margherita! You have come at last. It is done, then. Say that it is done!"

She stood quite still in the humble red-tiled sitting-room, and looked at him with a great compassion shining out of her dark, clear eyes. He was worn almost to a shadow, and his limbs were shaking with weakness, as he half rose to greet her. Only his eyes were still alight and burning. Save for them he might have been a corpse.

Something of the old passionate pity swept through her as she stood there, but its fierceness had died away. Her heart no longer leaped in quick response to the fire in those still undimmed eyes. She had been a girl then, a girl with all the fierce untrained nature of her mother's race; she was a woman now, a sad-faced,

## Bad Taste in Mouth In the Morning

When you wake up in the morning with a furred tongue and a bad, bitter taste in your mouth you may be sure that your liver is not functioning properly and requires attention at once.

Mrs. B. J. Canning, R.R. No. 1, Seven Bridges, Ont. writes: "On rising in the morning I found I had a bad taste in my mouth which I later found out was due to the bad state of my liver. The clerk in the drug store suggested that I try

sorrowful woman. He was quick to see the change. "Margherita, my child, you have been ill."

"I am not ill," she said gently. "I was frightened on my way here, and had to run. There was a fire last night at the lunatic asylum at Priton and some of the mad people have escaped. I saw one of them in the distance, and the keepers after him. They wanted me to go back, but I would come."

He stooped down and kissed her forehead, with cold, dry lips. "I knew that you would be here soon," he said. "My letters reached you safely?"

"Yes." "She shuddered at the gathering strength in his tone, and the fierce light which had swept into his face. "It is done, child. Say that it is done!"

"No." "Something in her tone and subdued manner seemed to strike a note of fear in his heart. He leaned forward, grasping the sides of his chair with nervous, quivering fingers, and looked hurriedly into her face. "No; you have had no chance, then? But you will have soon? Is it not so? Soon, very soon?"

"Margherita." "I have received your letter, and I have pondered over it. You are young to have such a sorrow, yet I do not doubt but that you will act as becomes your race. was cruel—but she was a woman, and she loved him. Let us steal away together and bury those dark dreams of the past. I will never leave you; I will wait upon you always; I will be your slave. Forgiveness is more sweet than vengeance. Oh, tell me that it shall be so. Why do you not speak to me?"

He sat quite still, like a man who is stunned by some sudden and unexpected blow. He seemed dazed. She wondered, even, whether he had heard her.

"Uncle, shall it not be so?" she whispered. "Let us go away from here and leave her. I am not thinking about him. I will not see him again. I will never dream of marrying him. Let us go this very day, this very hour."

Then he turned slowly toward her, thrust her hand from around his neck, and started up. "You have been false to me, Margherita," he said, in a slow, quiet tone. "After all, it is only natural. When you came first to me, I thought I saw your mother's spirit blazing in your dark eyes, and I trusted you. I was to blame. I forgot the tradesman's blood. I do not curse you. You do not understand, but I do. Learn now that the oath of a Marioni is as deathless and unchangeable as the hills of his native land. Will you go away at once, please? I do not wish to see you again."

His speech so quiet, so self-contained, bewildered her. There was not a single trace of passion or bitterness in it. She stretched out her hands toward him, but she felt chilled. "Will you go away, please?" he interrupted coldly.

She turned toward the door, weeping. She had not meant to go far—only out on to the garden-seat, where she might sit and think. But he saw another purpose in her departure, and a sudden passion fired him. She heard his step as he rose hastily, and she felt his cold fingers upon her wrist. "You would go to warm her?" he cried, his voice trembling with anger. "I read it in your face. You are as false as sin, but you shall not rob me of the crown of my life! No one shall rob me of it! Vengeance belongs to me, and by this symbol of my oath I will have it!"

He snatched a handful of white blossoms from the bowl, and crushed them in his fingers. Then he threw them upon the ground and trampled upon them. "Thus did she betray the sacred bonds of our Order when, for her lover's sake, she added treachery to cunning, and wrecked my life, made Leonardo, Count of the Marioni's, the lonely inmate of prison walls, the scorn and pity of all men. Thus did she write her own fate upon a far future page of the tablets of time. Talk not to me of forgiveness or mercy, girl! My hate lives in me as the breath of my body, and with my body alone will it die!"

## FINER THAN EVER and LOWER IN PRICE

THE finer Oldsmobile is more beautiful than ever in appearance—the result of new style refinements and new color combinations now presented in its composite Bodies by Fisher.

The finer Oldsmobile is more luxurious, more comfortable and offers new conveniences for driver and passengers. Roominess is a feature. Seat cushions are deeper and softer. Upholsteries are richer. And the new Fisher adjustable front seat, combined with Oldsmobile's adjustable steering wheel, makes the driving position a matter of individual choice.

The finer Oldsmobile provides even more gratifying and dependable performance. Its big high-compression engine now develops 62 horsepower. Typical of its fine car design, oil is forced directly to the piston-pins through rifle-drilled connecting rods—a feature heretofore characteristic of high-priced cars.

Come in and see this new Oldsmobile—finer than ever—and lower in price.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

## Mun. Dis. of Montgomery Asks for Hospital District

The regular meeting of the Council of the Municipal District of Montgomery No. 458, was held in the Council office on Saturday, April 27th. All the Councillors were present.

The minutes of the last meeting were read and adopted on the motion of Councillor Bussard.

The committee appointed to report on the survey on B14, 25-45-23-3 was made by the convener and adopted by the Council.

Correspondence was read from: The Youville Convent re the Lefevre children. The letter was tabled and the secretary was instructed to get further information.

H. C. Holman, notifying the Council that the Alaskan Chemical Products had arranged with the U.F.A. store at Millet to handle their weed killer.

The Village of Millet re Kenneth Kerr and family who are indigent and have been quarantined for smallpox, requiring assistance. This matter was left for the Councillor for Div. 5 to inquire into and report.

The City of Wetaskiwin re J. Gould, Secretary instructed to write and inform the City that this Municipality is not liable for this individual.

A delegation from the Council of the Board of Trade and the Hospital Board consisting of Messrs. W. Prest, B. D. Howatt, C. H. Russell, H. C. Cooke and A. A. Ellis, interviewed the Council with regard to the Municipal District's support in constituting a Municipal Hospital District in and adjacent to the City of Wetaskiwin.

Mr. C. H. Russell outlined the hospital situation as it is today and stated that he could only see three alternatives, viz:

1. To stay as we are, that is with the inadequate building and very unfavorable conditions and situation.
2. Build a Community Hospital, which the Minister of Health at the present time refuses to sanction a bill for.
3. Become a Municipal Hospital District.

A general discussion of hospitals took place, in which all members of the Council expressed their views.

Moved by Councillor Freeman that: "Whereas this Council consider that it is desirable that the ratepayers of the Municipality should be given an opportunity to express their opinion as to the desirability or not of estab-

lishing a Municipal Hospital District in and adjacent to the City of Wetaskiwin under the provisions of the Municipal Hospitals Act, 1929;

"Therefore it is resolved that the Council of the Municipal District of Montgomery No. 458 do present a petition to the Minister of Health of the Province of Alberta for the establishment of a Hospital District pursuant to the provisions of the Municipal Hospitals Act, 1929, said petition to be as appended hereto, and further that the Reeve and Secretary of the Municipal District of Montgomery No. 458 be and are hereby authorized to sign the said petition for and on behalf of the said Municipal District."

**Petition**  
The Council of the Municipal District of Montgomery No. 458 hereby petitions that a Hospital District be established pursuant to the provisions of the Municipal Hospitals Act, 1929, comprising the following territory:

The Corporation of the City of Wetaskiwin; The Municipal District of Montgomery No. 458; The Municipal District of Bigstone No. 459; The Municipal District of Columbia No. 460; Improvement District No. 451; Improvement District No. 452; Municipal District of Blackmud No. 488; Municipal District of Liberty No. 489; Municipal District of Pioneer No. 490; Municipal District of Fertile Valley No. 429; Municipal District of Blindman No. 430; Municipal District of Last West No. 431; and the unorganized districts west of the Municipal Districts extending to the Saskatchewan River and also the Villages of Millet and Bittern Lake or such greater or lesser territory as may be ultimately decided on.

The estimates of the income and expenditure of the Municipality were taken up by the Council:

Estimated Expenditure for 1929	
Administration	\$ 4620.00
Protection of Property	600.00
Grants, Relief, Health	8350.00
Public Works	25500.00
Overexpenditure 1928	13500.00
<b>Total</b>	<b>\$48070.00</b>
Estimated Income	
Gov. Grant for Pub. Wks	\$ 5458.00
Com. on Trust Ac.	600.00
Sundry Rev. Hall Arrears	750.00
Net amt. to be raised	41262.00
<b>Total</b>	<b>\$48070.00</b>

Moved by Councillor Bussard that

the mill rate for 1929 be not at 10 mills.

Moved by Councillor Johnson that the apportionment for expenditure by each Division on Public Works for the year 1929 be as follows:

Div. 1, \$3000.00; Div. 2, \$3500.00; Div. 3, \$3000.00; Div. 4, \$3000.00; Div. 5, \$2000.00; Div. 6, \$3200.00. Carried.

Bylaw No. 201, fixing the mill rate for the School Districts for the year 1929 was read three times and finally passed.

Mr. MacWhinnie of the Richardson Road Machinery, interviewed the Council re the sale of culverts and machinery.

Moved by Councillor Freeman that the salary of the Assessor be \$850.00. Carried.

Three applications for the position of Assessor for the year 1929 were received and considered by the Council.

Moved by Councillor Thompson that the application of T. T. Jenne be accepted. Carried.

Moved by Councillor Freeman that the bills and paychecks be passed for payment. Carried.

## Obituary

MRS. OVERN

There passed away in the Wetaskiwin hospital on Thursday last, Mabel, beloved wife of H. Overn, at the age of nineteen years. The cause of the demise was blood poisoning. Besides her sorrowing husband she leaves her parents, Mr. and Mrs. Peacock, and several sisters and brothers to mourn her untimely death. The funeral took place Sunday afternoon, service being conducted in the First United church by Rev. A. L. Elliott. The interment took place in the Wetaskiwin cemetery.

## LT.-GOV. WHYTE

(Continued from Page 1)

interesting address was listened to with the closest attention.

One of the most enjoyable features of the evening was a stunt put on by Kivwanan Roy Henry of Edmonton, who impersonated a ducky chiropractor, and kept the audience in roars of laughter as he described some of the ailments which might be cured by the proper adjustment of the spine. It was a very clever stunt, well put on, and will long be remembered by everyone who heard it.

After the conclusion of the banquet, which was presided over by Bob Grant, president, the banquet room was quickly arranged for dancing, and those who enjoy tripping the light fantastic thoroughly enjoyed this form of amusement until well after midnight. The music for the dance was rendered by the Moonbeam's Orchestra.

Monday evening's event will go down in the annals of the Club as one of the most successful and enjoyable Ladies' Night yet given by the Wetaskiwin Club.

## 100% OF INCOME TAX PAID BY 1% OF CITIZENS

Ottawa, April 23.—How many Canadians pay income tax?

With first instalment of 1929 tax due at the end of this month, many of those who are now worrying over their returns, would be surprised if not wholly pleased to learn that they represent a very select company.

Parliamentary documents recently tabled show that 98.8% of this fair Dominion's citizens pay no income tax whatever.

The other 1.2% of the population pay 100% of the tax.

And even of those who pay, a few seem to contribute the bulk of the cash. Last year for instance, out of 122,026 income tax payers, 1500 paid \$12,478,000, while 120,425 contributed only \$10,744,000.

While naturally the heavier burden is borne by the wealthier classes, not all of them contribute. In the early days of the war, it was considered essential to successful financing of war loans that they should be exempt from taxation. The initial bonds were issued on that basis. Some of them have been redeemed, but a good many are outstanding.

What the individual or the corporation pays in income tax is a secret. There are rumors, however, of some with huge incomes whose contribution to the tax is only a few dollars, simply because they have had the shrewdness to invest in government bonds which, at the time of their issue were made free of taxation.

## TRAVELLING SUN PARLORS

For service on main line trains the Canadian National Railways are constructing thirteen radio equipped buffet parlor cars with sunroom ends. The solarium—as the glass-in section is called—replaces the old observation end. Via glass is used as it transmits more warmth, from four to five per cent more visible light and up to 75 per cent of the vital ultra-violet rays which ordinary glass shuts out entirely. The size of the windows has been designed to allow the passenger to see as much of the passing scenery as if the end was open.

## HIGHWAY PLANS OF GOVERNMENT ANNOUNCED

Edmonton, April 27.—Construction of several important stretches of highway in the south, a standard earth grade equal in quality to the already constructed portion of the highway, from Wintburn to Seba Corner, a distance of 47 miles, is one of the outstanding features of the provincial

government's 1929 road building campaign, first announcement of which was made on Friday from the office of Hon. O. L. McPherson, Minister of Public Works.

While the entire year's program has not been drawn up the department has six important sections of highway ready for work and tenders were called for co-incident with announcement, the tenders will be opened on May 3.

The total appropriations available for highways work this year, as voted at the recent session of the Legislature, amounted to \$2,150,000. Of this amount \$1,500,000 is for main highways; \$500,000 for district highways and \$150,000 for secondary roads.

The Wintburn-Seba corner section will complete a standard grade road from this city to Seba, one of the largest and most popular Alberta summer resorts. There is now constructed a standard grade and fully gravelled road from this city to Wintburn. While it is not expected that graveling will be done this year, the grade will be of the best and graveling probably to Lac Ste. Anne.

The Lacombe-Seba road, a stretch of 36 miles, will be built to standard grade. A 12-mile stretch between Gleichen and Strathmore also will be brought up to standard grade requirements. This will complete the entire Calgary-Gleichen highway from Inverlake, 12 miles west of Strathmore, to a point six miles east of the same place, or a total of 18 miles.

With the giving of a first course of gravel to the Lethbridge-New Dayton section of the Sunshine Trail, that famous highway will be completed Edmonton to Coats. At present the section from Macleod to Lethbridge is gravelled, as is that from New Dayton to Coats. With the letting of this contract, the remaining stretch of 30 miles will be completed. This will give a gravelled highway right from this city to Coats.

A second course of graveling will be given the 25-mile stretch from Cardston to Waterton.

It is expected that further items on the season's program will be ready within the next two weeks.

**ADVICE TO MOTORISTS**  
Motor vehicle traffic in Wetaskiwin promises to be heavier this year than ever before.

In view of this fact, the Council have instructed the Police to rigidly enforce the Bylaw governing traffic within the City.

The following are some of the more important clauses of the Bylaw: Keep to the right of a centre line when turning at intersections. Turn from one side of the street to another only at intersections. Do not pass another vehicle going in the same direction at intersections. Pull up to the curb when picking up or letting off passengers.

not to exceed twenty miles per hour. Ten miles an hour when crossing intersections, approaching or crossing railway crossings, or while passing school grounds.

No parking within thirty feet of fire hydrants, or within twenty feet of street intersections, or more than two feet from the curb.

All accidents to be reported to the Police by persons in charge of vehicles involved.

The Bylaw provides for a fine of not exceeding \$100 for any infraction thereof.

**LARGE CATTLE SHIPMENT**  
Calgary, April 27.—One of the largest shipments of cattle for a very considerable time left the Calgary stock yards Thursday night by special train over the Canadian Pacific lines via Coats for Omaha, Neb.

This deal was handled through the office of Adams, Wood & Weller, Ltd., livestock commission merchants.

## LADIES' CURLING CLUB ELECT OFFICERS

The annual meeting of the Ladies' Curling Club was held at the home of Mrs. Newville, on Wednesday, April 24, and the following officers were elected for the coming year:  
President—Mrs. Newville.  
Vice-President—Mrs. Manley.  
Secretary—Mrs. Burkholder.  
Treasurer—Mrs. Merner.  
The Executive will be announced later.

After the meeting, a social afternoon was spent and tea was served.

## CENTRAL ALBERTA LEAGUE START SCHEDULE NEXT WEEK

Ponoka, Alta., April 27.—The Ponoka hospital football team is active these days and one practice game has been played in which the local aggregation met with a slight defeat.  
The central Alberta league will start their games some time next month, and reports have been received from the other towns in the league to the effect that they are all putting strong teams into the field.

## GOLF CLUB NOTES

There will be a two-ball mixed foursome this week-end, the 4th and 5th of May. The draw appears below, and games may be played on either date to suit the convenience of the players making up the foursome.

This competition is on a handicap basis and over 9 holes only. Partners getting the lowest net score will be adjudged the winners. Your handicap is shown below, together with your partner and your opponents. You are urgently requested to get in touch with your opponents and with your partner and arrange with them the time most suitable to play your game. If, for any reason, any player cannot participate in this competition, please notify either Mr. Prest or Mr. Godfrey Baker, and one or more substitutes will be provided if possible.

Members are particularly requested to leave their score cards in the clubhouse after they have played their game; by so doing they will greatly assist the handicap committee.

Winslow of established merit, while in addition to these there are several splendid hunting, fishing and outdoor stories by other authors.

The special departments on angling, guns and ammunition, outdoors and kennel are packed with highly interesting material for all outdoor lovers and the Canadian Silver Fox News section with instructive articles concerning this great industry by well known authorities.

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

## BOUGHT UNDERTAKING BUSINESS

Messrs. Cline and Nelson, Ponoka, have purchased the undertaking business of Mr. H. G. Stone, who will continue his painting and decorating line. Messrs. Cline and Nelson are in the same line of business at Ponoka. Mr. Roy Cline will move to Red Deer and conduct the business here—Red Deer Advocate.

**J. P. MILLER DROWNED**  
Mr. J. P. Miller, well known farmer of the Meadowbrook District was drowned Wednesday night in Gull Lake, when the car in which he was riding broke through the ice about a mile from the shore. Mr. Miller accompanied by his son, Adolph, who was driving the car, decided to take a short cut from the Gull Lake road across the lake to his farm. The ice appeared to be solid enough to sustain the weight of the car, but when about a mile from shore, the ice gave way and the car went under. Adolph and the other occupant of the car were able to save themselves, but Mr. Miller could not be rescued. The police are at present trying to locate the

### 1,095 COMBINES RUN IN ALBERTA

Ottawa.—Farmers of Canada's prairie provinces have invested more than \$12,000,000 in the reaper-threshers, or "combines" harvester. More than 5,500,000 acres of grain were cut and threshed by this method during 1928, according to statistics compiled by the federal department of agriculture.

"More combines are being used in Saskatchewan, Canada's largest grain growing province, than anywhere else in the dominion, there being a total of 2355 machines, there," the bulletin states. "Alberta ranks second with 1985 combines in operation, followed by Manitoba with 206 machines. "The survey reveals that harvesting with the combine has resulted in an approximate saving to the farmer of eight or nine cents a bushel, and a number of owners have reported a saving of grain averaging 2.36 bushels per acre. Better grades are said to be received from the combine than from binder harvested grain. "The combine cuts the grain, threshes it as the machine moves across the fields, and deposits the freshly threshed grain in tanks held in readiness to receive it. Thus, in three quickly made operations, the grain is prepared for shipment to the elevators. The time saved by the new method is an important element in Canada's thriving agricultural industry."

### Bronchial Cold Left Her with a Dry, Hacking Cough

Mrs. A. Primeau, 36 Ingram St., Chatham, Ont., writes:—"I am pleased to take this opportunity of telling you of my experience with

Dr. Wood's Norway Pine Syrup  
"Early last winter I suffered from a severe bronchial cold that left me with a provoking, dry, hacking cough. After being bothered with it, both day and night, for some time I had a professional nurse recommend the above cough syrup which I took with wonderful results, and, now, it is the only remedy I ever use for colds."  
Price 35c a bottle; large family size 60c. at all druggists or dealers.  
Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

### PLAN MODIFIED COUNTY SCHEME FOR PROVINCE

Edmonton.—With the hope of ultimately leading to a consolidation of municipalities under a scheme following the general lines of the Ontario county system, though modified from the Ontario idea and with a view to cutting down on overhead expense, the Provincial Government has expressed its willingness to hold a round table conference with the Association of Rural Municipalities during the week of the Edmonton Exhibition, July 15-20 next, according to a statement by Premier J. E. Brownlee.

The main purpose of the discussion will be to determine what program is to be followed after the passage of legislation at the recent session of the Legislature enabling municipalities to unite for specific purposes, that is, the carrying out of a modified county system.

The legislation aforementioned is of a general nature and provides for unification of such purposes as road construction, care of indigents and the resultant necessity of making financial arrangements for floating of bonds for the furtherance of these objects.

It is with a view of carrying this idea further, into a more tangible county scheme that the conference has been called.

John Gair, president of the Association of municipalities, and Edward Pinchbeck, secretary, interviewed the Government on the matter and emphasized the desirability of such a conference.

### SURGERY WONDERS

#### ARE DEMONSTRATED

Toronto.—The wonders of surgery's powers of reconstruction of bodies ravaged by disease or accident, were demonstrated by Dr. Fulton Risdon at a hospital before twenty of the continent's best plastic surgeons, members of the American Association of Oral and Plastic Surgeons, in a four-hour clinic.

The first case treated was that of a young girl who since the age of two has suffered from jaw trouble. She has never been able to properly open and shut her mouth. The original fracture of the jaw, at the age of two, had resulted in the lower jaw becoming attached to the skull. During a long process of time, the jaw has been properly "re-lined" and set together. Dr. Risdon, in his demonstration, took a section of bone from another part of the body, where it is not essential, and by cutting it to shape, and moulding it to his requirements, built it into the chin.

In the next case, that of a man of about 40, whose entire face had been distorted by a cancer operation, Dr. Risdon effected the first of a series of four operations to reconstruct his face. The man's lips and jawbone were missing from the chin three inches back. When completed, the jaw will be reconstructed, lips made practically normal and skin grafted over the scars of the past.

### ANOTHER OLD-TIMER OF ALBERTA DIES

Another Alberta old-timer has passed on, further thinning the ranks of this grand old body of pioneers. Word from Victoria, B.C., tells of the death of the Rev. Erven B. Glass, who came to Battle River, Alta., in 1880, where for more than 13 years he carried on missionary work among the Cree Indians. Later he went to Whitliff Lake, where he remained among the Cree for seven years more.

Finely equipped, both intellectually and educationally, his missionary work was of a high order. Becoming fluent and thorough in the Cree language, and becoming well-skilled in the use of its syllabic characters, he assisted the late Rev. John McDougall in translating the Methodist hymn book into the native tongue.

He was superannuated in 1905 and moved to Kelowna and in 1912 went to reside in Victoria.

The late E. B. Glass was born in Hastings county, Ontario. He died in his 77th year.

### AUTO DEALERS OF CENTRAL ALBERTA ORGANIZE

The auto dealers of Central Alberta, at Red Deer on Thursday night, organized as the Central Alberta branch of the Auto dealers' and garage owners' section of the Retail Merchants' Association of Alberta, with the following officers:

President—N. G. Bannerman, Red Deer.  
Vice-Presidents—Hal. Laird, Lacombe; H. Skaner, Ponoka; Dick Kremer, Innisfail.  
Secretary-Treasurer—C. E. Proctor, Red Deer.

Wage scales, sales on a cash basis, the abuse of credit, methods and details of organization were among the subjects discussed during the evening. Most of the talk, however, revolved around the matter of rates to be allowed for used cars turned in for new ones, the abuse of "buying business" for over-bidding on these secondhand cars, and how to eliminate this unprofitable competition for sales by co-operative action. Mr. McKay explained how this abuse had been largely eliminated in the larger centres by the adoption of the Windsor list idea, or used car market report, copies of which he left with the prospective members of the new branch.

A meeting was held at Lacombe on Wednesday night with almost a 100 per cent attendance. Mr. Bannerman presiding, when a program was initiated for standardizing the servicing and selling of cars on actual cost, with a small margin for handling—Red Deer Advocate.

Thrilled by the keynote of international good will sounded by their national chief, I. B. (Tom) Sutton of Tampico, Mexico, six hundred Rotary clannishmen opened their fourteenth annual conference of the fourth district in the Memorial hall, Edmonton, on Thursday last. They were welcomed by representatives of city and province, hailed by fellow members of the Edmonton club and greeted in the enthusiastic style which is making Rotary an ever-growing force of friendship everywhere.

Cheers, which rang forth for President Tom Sutton, were repeated when the delegates unanimously nominated Alderman Frank Freeze, president of the Calgary Rotary club, as next governor of the fourth district. His appointment will be confirmed at the meeting of the international body in Dallas, Texas, next month. He will succeed G. Fred McNally, district governor for the past year.

### Provincial Weekly News Bulletin

(Issued by Publicity Commissioner, Government of Alberta, Edmonton. Extensive Development of Tar Sands Planned)

Extensive investigation of the bituminous sand deposits in northern Alberta will be undertaken shortly as the first step in the two-year program of development of this valuable Alberta resource by the Scientific and Industrial Research Council of Alberta. The work will be conducted under the direction of Dr. K. A. Clark of the University of Alberta who for the past several years has devoted much time to investigations along this line. The two-year program of tar sands development is an additional feature of the Alberta Government's comprehensive plans for northern development. Keen interest is also being shown in the soil survey under the direction of Dr. Wyatt, the water survey carried on by Dr. Rutherford and the Pre-Cambrian mineral survey to be conducted by Dr. Cameron during the coming season.

**Canning Company Expects Busy Season**  
Eighteen tons of dried peas shipped into Taber during the past week will be distributed throughout the district and seeded on some 400 acres of land leased by the Broder Canning Co. of New Westminster and Edmonton. In addition, a large amount of seed will

be sown in the Edmonton district on the 1,000 acres which the company has leased for the growing of vegetables required for the Edmonton factory. These will include peas, beans, spinach and beets, and an attempt will be made to grow pumpkins in commercial quantities for canning.

**Co-operative Experts to Visit Peace River**

Two combined institutes of co-operation and agricultural short courses will be held in the Peace River country this season. It is announced by Hon. George Hoadley, Minister of Agriculture.

**Preparations Made for Many School Fairs**

Thousands of school children all over the province will shortly commence preparations for their district school fairs as the result of the distribution of seeds recently completed by the Department of Agriculture. Included in the seeds distributed to school fair centres at Claresholm, Olds, Sedgewick, Vermilion and Raymond are 4,435 pounds of peas, 1,265 pounds of beets, 565 pounds of turnips, 760 lbs. of carrots, 970 lbs. of mangolds, 565 lbs. of parsnips and 805 lbs. of sweet peas as well as 32,500 packets of asters, 33,800 packets of stocks and 22,300 packets of cabbage seed. Last year a total of 115 school fairs were held throughout the province and it is expected that this number will be the coming season.

**C.N.R. Building Program Authorized**  
Bills authorizing the construction of Canadian National Railway branch lines from St. Valburg, Sask. to Bonnyville, Alberta and from Alliance to a point near Youngstown were passed at the Dominion House of Commons on Thursday.

**Interest Shown in Institutes of Co-operation**

As the result of the success of the Alberta Institute of Co-operation held last year at Edmonton, the first of its kind in the Dominion, it has been decided to hold three similar gatherings at various points in the province during the coming season. These will be held at Lethbridge, Olds and Vermilion during the week of June 24 to 29. A number of authorities on various branches of co-operative activity will address these meetings which will undoubtedly be attended by large numbers of farmers interested in the problems of co-operation.

### MILK CONSUMPTION AND THE GROWTH OF SCHOOL CHILDREN

This was the title of a paper read by Dr. G. Leighton, O.B.E., Medical Officer (foods) Scottish Board of Health at the Edinburgh session of the recent World's Dairy Congress.

In this paper the speaker referred to the investigation on the food value of milk conducted under the auspices of a committee appointed by the Scottish Board of Health with Sir Leslie McKenzie as chairman, Dr. J. B. Orr chairman of Research Committee of Scottish Milk and Health Association and Dr. Leighton.

This was a carefully devised experiment to test the nutritive value of a whole milk, separated milk, and a control food of equal caloric value. The test was carried out at seven centres of population simultaneously as follows: Peterhead and Greenock—children were five and six years of age, and received three quarters of a pint of milk per school day; at Dundee and Edinburgh they were eight and nine years, and received one pint per school day; at Aberdeen and Paisley they were thirteen and fourteen years old and received one and a quarter pints per school day; Glasgow had all three groups.

The groups at each school numbered from forty to fifty, and in all about 1400 children were involved in the various tests. The period of test was for seven months ending June 1927. All these children were living at home in the ordinary conditions of Scottish working-class homes, receiving at home the ordinary diet of such homes and attending school in the ordinary way. The milk given to them represents an addition to their ordinary diet. Each of the four groups were differently treated. One group received whole milk, a second group received separated milk, and a third group received a biscuit calculated to be of the same energy producing value as the amount of separated milk. The fourth group were used as controls, and received no supplementary feeding. All the foregoing foods were given in school under supervision. The results show that the increase in height of all the children at the

**Do you take Yeast for your health?**

If so, use **ROYAL YEAST CAKES**—the standard of quality for over 50 years. Soak a cake of Royal Yeast, with a little sugar, in tepid water over night. Stir well, strain and drink the liquid. Flavor is improved by adding the juice of an orange.

## ROYAL YEAST CAKES

same age in all centres indicated very clearly the influence of the added milk diet in assisting growth, and no less clearly the failure of the added biscuit to achieve this result. At every age the increase in height of the children receiving whole milk or separated milk is significantly greater than that of those receiving biscuit or those in the "control" group. Perhaps more striking still is the fact that the difference in increase in height between those receiving whole milk and those receiving separated milk is insignificant. The supplementary biscuit apparently fails to exercise any significant stimulus in the eight year old group, and in the five year old group and thirteen year old group had an almost significantly retarding effect.

The increase in height in the various ages—from five to six, was 1.55 inches for the milk fed, as against 1.25 inches in the control, and 1.35 inches in those who received biscuit.

Those of eight and nine years gained in height 1.48 inches against 1.15 inches in the control group, and 1.08 inches in the biscuit fed group.

Those of thirteen an fourteen gained in height 1.62 inches, against 1.14 inches in the control group, and 1.26 inches in the biscuit fed group.

In weight the gain was equally pronounced.

To summarize. The average increase in the milk groups of all ages in height—1.47 inches, and in weight 3.61 lbs. In the non-milk groups, in height 1.21 inches, and in weight 2.97 lbs.

The conclusions arrived at are:

1. The addition of milk to the diet of children of school age during the period under review has been accompanied by a rate of growth as indicated by an increase in both height and weight of 20 per cent greater than that in children not receiving the extra milk.

2. This increase in the rate of growth has been accompanied by an improvement in the general condition of many of the children receiving the milk.

3. Separated milk proved to be of great value for promoting growth. Its nutritive value for children of school age would appear to have been under-estimated. The second of these conclusions is supported by clinical reports by various members in the investigation, including the headmasters of the schools. These reports cannot be expressed in figures, but they indicate that at most of the centres the children receiving milk appeared to be in better general condition than those who did not receive milk. It was noted that, on the whole, they had glossier hair and clearer complexions, and even held themselves more erect. The most marked improvement in the children in the groups receiving milk was shown in those children who had been in poor condition at the beginning of the investigation. These findings confirm the current opinion as to the food value of milk.

### ALBERTA SCHOOL TRUSTEES

**A Suggestion. Is it Worthy of Consideration?**

(Research Bulletin)  
It is desirable and in the best interests of all, for the Municipal Districts and the Urban Municipalities of the Province to have separate Unions or Associations, it would seem equally desirable and in the best interests of all, for the Rural School Districts and the Urban School Districts of the Province to each have a Union or Association of their own.

With approximately 130 Villages, 57 Towns and 6 City School Districts in the Province, it should be a relatively easy matter if taken in hand by the right parties, to organize a very useful and healthy "Alberta Union of Urban School Districts."

It was the writer's privilege and pleasure to be present at a delegate at the 1928 convention of the Alberta School Trustees' Association, but while enjoying to the full and being benefited by such of the proceedings as it was possible for him to partici-

pate in, he reluctantly formed the opinion (rightly or wrongly) that the organization was apparently endeavoring to serve too many sectional interests to be as fully influential and beneficial as might be expected, and that in any event the Association is mainly representative of the Rural interests.

The unfortunate necessity of the Rural section, Consolidated section, Separate School section, and City, Town and Village section, all being in session in different parts of the convention hall at the same time, made it impossible for any one delegate to benefit by more than about one third of the splendid addresses and the discussions arising therefrom. The same condition applying to many of the resolutions.

Delegates who should have been in attendance at the sessions of the City, Town and Village section, found that they had a prior duty to perform by being in attendance at the sessions of the Separate School section, while other Urban delegates might be found attending the sessions of the Rural section because of their desire to hear the addresses being delivered there. The strength in numbers of the Urban section being thereby depleted, the addresses given in that section and the discussions thereon being somewhat less beneficial than they otherwise could have been and the influence behind the resolutions passed by that section being in the opinion of the writer considerably weakened thereby.

It occurs to the writer that urban school districts cannot expect greatly improved legislation or operating conditions, neither can they expect to find or obtain more satisfactory solutions of their many problems until such time as they have a Union of their own, where the entire time of, and the full attendance at their conventions can be given over to their own difficulties, and their resolutions be presented to the Minister by their own Legislative Committee entirely apart from any rural and consolidated associations representations.

If the Urban Municipal Councils of the Province consider the foregoing suggestion worthy of consideration, the interests of the urban school districts of the Province might be advanced if they would see that this article is properly drawn to the attention of their own Board of Trustees.

The writer greatly admires the wonderful organization which has been built up by the Alberta School Trustees Association and its officers from time to time, and the efforts of the latter to at all times fully and faithfully serve all interests, but nevertheless feels that all interests would at this date be best served by two separate organizations, one for Rurals, the other for Urbans.

F. H. TUCKER,  
Castor.

### SALVATION ARMY SELF-DENIAL WEEK

The announcement is made from the Headquarters of the Salvation Army that the annual period of Self-Denial in the Organization will occur during the second week in the month of May. For this period the Officers of The Army are asked to give up the use of tea, coffee, butter, or some other articles of food and from this and other sources to make a special contribution to Army funds. All the Soldiers and Officers of The Army look forward to this period in the year and make preparations for service beyond the ordinary at that time.

The service which The Salvation Army renders is well understood and the funds collected in the period of Self-Denial are used to maintain these services. From the beginning The Army has sought to feed the hungry, to provide homes for the homeless, to care for the unfortunate, and in general to minister to all in distress. In Canada it has discharged these duties on a large scale in cities and towns from coast to coast and each year it is asked to assume new responsibilities to meet pressing needs. None of the money collected in Canada is used in Army work in the Mother Country. The Army in Britain sends money to

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And you always get a chance to see Bayer on the box—and the word genuine printed in red? It isn't the genuine Aspirin without it! A drug-store always has Bayer, with the proven directions for its many uses tucked in every box:

Aspirin is a trade mark registered in Canada.

## The Week at Ottawa

(By Wm. Irvine, M.P.)

I shall devote this letter to the two matters which have occupied the attention of parliament since it met after recess. These are the manner of dealing with divorce cases and the charges of patronage against the Postmaster-General in respect to discharging of postmasters and appointing others over the head of the Civil Service Commission.

The question of divorce bills in parliament has been growing acute with the year, and was brought to a head last week when Mr. Woodsworth insisted that the rules of parliament should be enforced in respect to them and also that the dignity of some attention be given to these important matters.

Parliament has the constitutional

right to grant divorces. All the Provinces of Canada except Quebec, P.E.I. and Ontario have established their own divorce courts, but apparently for religious and political reasons the latter Provinces have done nothing in the matter, with the result that parliament is flooded every year with divorce bills from these two Provinces, but more particularly from Ontario.

According to the law, parliament can grant divorces only on the basis of adultery and for no other reason. Moreover, parliament is not allowed to interfere with the children of the unfortunate marriages which it annuls, nor to grant alimony to some helpless woman who may have been victimized by her husband. It has been felt by many members of parliament for some time that it was not sufficient for parliament to annul a marriage and grant leave to re-marry, but that there were other matters of great human importance which were not attended to properly under this system.

In addition to the fact that parliament does not have the power to deal with divorces in all its phases—alimony and the care of children being regarded as civil rights and provincial in character—the numbers of divorce bills have been growing alarmingly during the past few years. Indeed the number this year stands about 300.

The Senate Committee which has been doing all the work in this connection asked to be relieved of some of its work last year, by inspiring a bill which provided for the granting of a divorce court to the Province of Ontario. This bill was voted down last year and this year by the Catholic Members of Quebec who do not believe in divorce on grounds of strong religious convictions. But the representatives from Ontario who apparently thought that they ought to be as religious as the Catholics, voted against the bill also. Strangely enough, however, these Ontario Members voted for every divorce bill, even though they had voted against the divorce court on the grounds of religious convictions. The Catholics were more logical by voting against both the bill providing for a divorce court in Ontario, and also against all bills of divorce.

But up to the moment that Mr. Woodsworth brought to the attention of the country just how parliament

dealt with divorce bills, there was no voting at all. Divorce bills went through in batches of 10, 20, 30, 100, or as the case might be and in most cases not even the names of the bills were read.

The Farmer Members spoke for and voted for the bill to create a divorce court in Ontario. We wanted to rid parliament of a business which parliament has not the facilities nor the power to handle properly and so backed Mr. Woodsworth when he insisted that these divorce bills should either be considered properly or be relegated to the courts. It will be seen that with three hundred divorce bills properly considered in all its stages, would keep parliament in session all year. It takes half an hour to take one vote and since the Quebec Members are bound to vote against divorce bills at every opportunity, it would require one hundred and fifty hours to take the vote on the second reading alone, not to take into account the first reading, the consideration of the bills in detail in the Special Committee, its consideration in committee of the whole, and finally the third reading.

The Western Members thought that it was not fair for Ontario to ask the members from other Provinces to read the evidence and adjudge on three hundred divorce cases, when the courts should deal with these matters and while our first duty is to the people of our own Provinces and to questions of economics and of public business and not to pass private divorce bills, we held up these bills for several days, until the Prime Minister promised to try and find a more efficient and satisfactory way of handling divorce bills before the next session.

The Postmaster-General has been bombarded mercilessly for several days and not one item of his estimates has passed up to the time of writing. The general charge against him is that he has procured patronage in post office appointments on a wholesale scale. He has discharged on an average of one postmaster per day for a period of sixteen months. There are numerous specific charges of disregard of the Civil Service Act against the Minister, who was to have sailed to Europe tomorrow to attend a conference, but who must remain and fight for his life. The first vote of no confidence has just been taken and the Minister, was, of course, sustained by his own party vote. There are other votes pending. No doubt, the opposition are very anxious to find something wrong with the Postmaster-General. On the other hand the Minister will have to do a great deal of explaining to cover all the cases that are being charged against him. More of this anon.

### STUDENT MIXED ON THE PARABLE GOOD SAMARITAN

In one of the Southern States a negro felt that he had been "called to preach." So he applied for admission to the ministry and submitted to an examination by a minister. The examination proceeded as follows:

"Can you read, Sam?"  
"No, suh!"  
"Can you write?"  
"No suh, I caint write; but my wife, she kin write, suh!"  
"Well, do you know the Bible?"  
"Oh, yes, suh, I's pritty good in de Bible, suh; I knows my Bible from lid to lid."  
"What part of the Bible do you like best?"  
"Well, suh, I like de New Testament best, suh."  
"What book in the New Testament?"  
"De book ob de parables, suh."  
"Which of the parables do you like best?"  
"Which parable? Why lawdy! I like de parable ob de good Samaritan best ob dem all."  
"Well, tell me the parable of the good Samaritan."  
"Yes, suh, I will, suh! Once upon a time a man went down from Jerusalem to Jericho, an' fell among thieves, an' de thieves grew up an' choked dat man, an' he went on an' he didn't have no money, an' he met de Queen of Sheba, an' she gave dat man—yes, suh—she gave dat man a thousand changes of raiment. An' he got in de chariot and drove furiously. An' when he was driving along under a big tree, his hair got caught in a limb an' left him hangin' dar. Yes, suh! An' he hung dar many days an' many nights, an' de ravens brought him food to eat an' water to drink. An' one night while he was hangin' dar asleep, his wife, Dettiah, come along an' cut off his hair, an' he dropped an' fell on stony ground, an' it begun to rain, an' it rained forty days an' forty nights. An' he hid himself in a cave. An' he went on an' met a man, who said, 'Cum in an' take supper wif me,' but he said, 'No, I won't; I married a wife, an' I caint cum!' An' de man went out into de highways an' byways an' compelled him to come in an' have supper. He went on an' came to Jerusalem, an' when he got there he saw Queen Dettiah sittin' high up in de window, an' he said, 'Throw her down out of there,' an' they threw her down. An' he said, 'Throw her down sum more,' an' they threw her down seventy times seven times, an' ob de fragments dey picked up twelve basket-fuls. Now, whose wife do you think she will be in de day of judgement?"

The Times invites the cooperation of residents of the country districts. Correspondents from districts not now represented in this paper are requested to write in for correspondence pay and particulars.

### For Pyorrhoea!

Gums that are tender and bleed easily should receive immediate attention. Pyorrhoea is likely to result with the loss of perfectly sound teeth. A solution of Absorbine, Jr., used as a mouth-wash morning and night, will stimulate and strengthen gums, kill disease germs and keep the mouth and teeth in a healthy condition.

For sore throat and tonsillitis, use Absorbine, Jr., both inside and out. It draws out the inflammation and reduces the swelling. Always keep Absorbine, Jr., handy. It is graceless and stainless. \$1.25 at your drug store. Booklet sent free.

For Tonsillitis, rub and gargle with Absorbine Jr.

THE WETASKIWIN TIMES

Here and There

The contract for a new fast steamship to ply between Saint John and Digby, Nova Scotia, will shortly be awarded by the Canadian Pacific Railway, it has been announced by E. W. Beatty, chairman and president of the company. The ship will be of the highest standard, 240 feet in length, capable of carrying 500 passengers, and having 44 state rooms for night service. There will also be accommodation for 50 motor cars. The speed of the vessel will be 22 knots an unusually high speed for a short trip.

The ship ran freely this spring, but it will have to go some to surpass the record for last year when there was an increase of four million pounds of maple syrup registered by government statisticians. The output was valued at over two million dollars, and Quebec headed the list of provinces as producer, followed by Ontario.

The daily pay-roll of the Canadian Pacific is \$267,000; the daily outlay for material and supplies is \$220,000 and the daily tax bill over \$20,000.

Prince George, Duke of Gloucester, third son of His Majesty, will early in June officially open the Great Royal York Hotel of the Canadian Pacific Railway in Toronto, it has been announced by E. W. Beatty, K.C., chairman and president of the company. The building is the tallest in the British Empire, towering 23 stories above the pavements of the "Queen City."

In a recent Calgary high-school oratorical contest in English candidates in the finals were born respectively in Canada, England, Lithuania, Roumania, and Russia. Of three Edmonton candidates one was of French, one of German, and one of Scotch extraction.

Few souvenir-hunting travellers have bagged as fine a prize as Viscount Willingdon, Governor General of Canada, who was presented with one of the biggest Totem Poles on the Pacific coast during his recent cruise. This is Princess Naros, latest addition to the fleet of the British Columbia Coastal Steamship service of the Canadian Pacific Railway. His Excellency was given an insight into the activities and potentialities of Vancouver Island and was much impressed by the beauty of the coastal scenery.

A party of immigrants who within a short time are expected to multiply in large numbers, have come (throughly) Canadianized, arrived in Montreal recently via the Canadian Pacific Express. They were rubber-brown rabbits sent from Germany to points in Ontario for breeding purposes. They appeared to be none the worse for their long journey and constantly nibbled at lettuce offered them by smiling expressmen.

### WHAT DOES IT MEAN?

This article is written because of the numerous enquiries received by the Health Service, asking the meaning and significance of certain tests. Our correspondents ask the meaning of a high blood pressure, a positive or negative Wassermann test, or concerning one or other of the numerous tests which are made.

During the past years, as a result of research in medicine and in the sciences, certain tests have been made available for physicians. These tests are most valuable aids in deciding the nature of disease, but they are not

### Heart Palpitating

Made Her Throat and Chest Throb

Many people may be unaware of having anything wrong with their heart till some little excitement, overwork or worry starts it to palpitate and throb, skip beats, beat fast for a time and then so slow as to seem almost to stop, then it causes great anxiety and alarm.

Mrs. O. Hicks, Chaffield, Man., writes: "I used to be very bad with palpitation of the heart and sometimes, with the least excitement, it would seem to beat very fast and make my throat and chest throb."

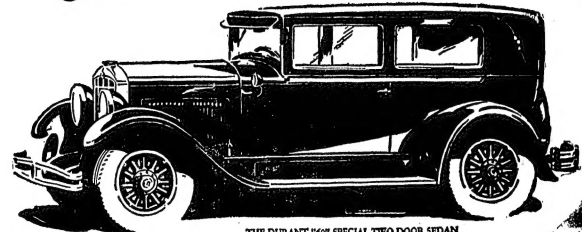

"I was told by a friend to try

MILBURN'S HEART NERVE PILLS

which I did, and before I had taken half the box my trouble had stopped." Price 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

ing more than aids. They are, as it were, on one symptom. A physician does not make a diagnosis on one symptom only and, for the same reason, he does not make his diagnosis upon the result of one test.

It seems necessary to point this out, as so many people seem to think that the diagnosis of certain diseases is now made in a machine-like manner, by subjecting the case to a series of tests which label the individual as suffering or as free from certain diseases.

We are not free from certain diseases. We are not free from certain diseases. We are not free from certain diseases.

must be weighed along with other symptoms by the physician in charge of the case. The significance of symptoms varies, and each case must be considered separately.

In using modern tests, the physician brings all available means to his aid so that he may make a correct diagnosis, a correct diagnosis being needed not merely to relieve symptoms, but to correct or remove the cause of the trouble.

An untrained person cannot understand the significance of these tests any more than he can understand the meaning of the different sounds the physician hears through his stethoscope when he applies it to the chest of the person he is examining. It is not because these are secret or mysterious, but simply that they require, for their interpretation, certain definite scientific knowledge, training and experience.

Questions, concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

The Cop's Club  
Visitor: Have you an up-to-date police force?  
Citizen: You bet. Why, the officers have caddies to carry their clubs.

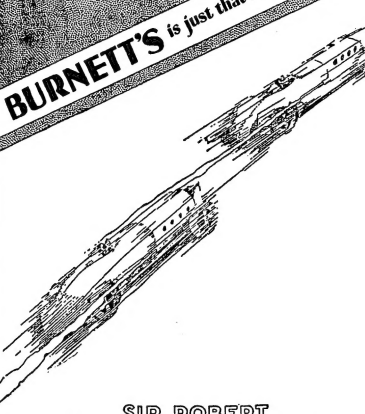

## Makes Life Sweeter

Too much to eat—too rich a diet—or sour stomach. Lots of things cause sour stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort, for the sake of those around you. Endorsed by physicians, but they always say Phillips. Don't buy something else and expect the same results!

**How to Play BRIDGE**

Series 1928-29 by Wynne Ferguson

Author of "PRACTICAL BRIDGE"

Copyright 1928, by Wynne, Jr.

## ARTICLE No. 17

There has been much discussion as to the advisability of bidding four or more of a suit headed by the ace king without an outside trick. Practically all players agree that such a bid is a losing bid if the bidder is left in to play the hand, but they also agree that the information given by such a bid is of the greatest value to partner in the opponents win the final declaration. In other words, such a bid is weak as an offensive proposition but strong from a defensive standpoint. For example, suppose as dealer you hold the following hand:

Hearts—10, 6  
Clubs—8, 4, 2  
Diamonds—A, K, 7, 6, 3  
Spades—A, K, 7, 4

If you bid one spade on this hand and are left in to play, you probably will go down a trick or say, but even then you doubtless will have saved a game by doing so. On the other hand, suppose you bid one spade, second hand bids two hearts and all pass. Your partner now knows what to lead—and how often that information saves the game!

From a defensive standpoint there is no doubt as to the value of leading top cards, such as ace king suits with four or more, on the opening round. If you pass such a hand, the contract may be too high to justify a bid on the second round.

For example, suppose the dealer passes with the foregoing hand, second hand bids one heart, the dealer's partner passes and the partner of the heart bidder says "three hearts." What can the dealer do then? His hand is too weak to bid three spades, so he is forced to guess as to the proper lead and is more apt to guess wrong than right.

Don't hesitate to bid a suit containing top cards on the first round of bidding and thus anticipate an adverse declaration that otherwise might puzzle partner as to the proper lead. Such bids are always sound defensive bids and the advantages of bidding them more than outweigh their disadvantages.

For example, here are two hands where the lead is an important factor:

Hearts—A, 7, 6  
Clubs—10, 8, 5  
Diamonds—Q, J, 9, 7, 5  
Spades—Q, 9

Y  
Z  
B  
A

No score, rubber game. Z dealt and passed. A bid one heart, Y bid two diamonds, B bid four hearts and all passed. What is Y's proper lead? The only lead that would have saved game in this hand was the queen of spades; but how many players would be able to guess that lead? The normal opening is the queen of diamonds with this opening. A B will easily score game. Z's hand was as follows:

Hearts—5  
Clubs—9, 6, 3, 2  
Diamonds—8, 4, 2  
Spades—A, K, 7, 4

He said after the hand that he didn't consider the hand contained a sound opening bid. That probably was true from a bidding standpoint, but not from a defensive one. Don't hesitate to make these bids as dealer, or as defensive bids on the first round, provided, of course, the preceding bids are not too high.

Here is another hand showing the importance of the opening lead:

Hearts—K, J, 7, 4  
Clubs—10, 8, 5, 2  
Diamonds—A, 7, 6, 3  
Spades—A, 8

Problem No. 20

Y  
Z  
B  
A

Hearts—Q, J, 4, 3  
Clubs—10, 9  
Diamonds—9, 8, 7, 6, 3  
Spades—A, 7

No score, rubber game. Z dealt and passed. A passed and Y bid one club. B passed, what should Z bid with the foregoing hand? An analysis of this hand and of the other three players will be given in the next article.

Here is another query from a correspondent:

Problem No. 21

Hearts—none  
Clubs—A, Q, 10, 9, 7, 6, 3  
Diamonds—Q, 8  
Spades—A, 10, 4

Y  
Z  
B  
A

No score, rubber game. If Z dealt, bid one no trump and A passed, what should Y bid with the foregoing hand? An analysis of this hand and of no trump take-outs will be given in the next article.

Here is a hand where the play is the all-important feature. Figure out your plan of play and compare with the analysis that will be given in the next article:

Problem No. 22

Hearts—K, Q  
Clubs—A, K, 10, 7, 5, 4  
Diamonds—K, J, 6  
Spades—A, 7

Y  
Z  
B  
A

Hearts—9, 8, 5, 2  
Clubs—9, 6  
Diamonds—10, 9, 8, 6, 3  
Spades—K, Q, 9, 8, 6, 3

No score, rubber game. Z dealt and passed. A passed, Y bid one no trump, B bid two hearts, Z bid two spades and A passed. Y bid two no trumps, B bid three diamonds, Z bid three spades and all passed. A opened a low heart which B won with the ace. B returned a low heart and all followed suit. How should Z play the hand from there on?

## PRESENTATIONS TO LOCAL I.O.O.F. MEMBERS

At the regular lodge meeting of the Millet I.O.O.F. last Wednesday evening, a pleasant surprise was accorded two of the local members—Bros. John West and Fred Thompson, when they were called to the front, and after a short appropriate address by Bro. E. Pliny, were presented with medals in recognition of their services in the office of District Deputy Grand-Master. Both Brothers replied suitably, thanking the members for their thoughtfulness.

The following members of Wetaskiwin lodge, were visitors for the evening: Messrs. Finch, Blackwell, Cole, Robinson, Gothard and Moore.

At the close of the lodge session a social hour was spent over sandwiches, cake and coffee.

## WOMEN'S INSTITUTE NEWS

The May meeting of the Women's Institute will be held at the home of Mrs. Cohen, Millet, on May 8th, 10 o'clock, "Hints on Gardening."

The W.I. Bazaar is to be held on May 11th. All members having sewing or donations for the bazaar, please bring same to the meeting.

Members are requested to be present at this meeting as there is important business on hand.

The cruel and unlawful habit of lynching seems to be declining in the United States. In 1928 thirty persons were put to death in this way; in 1927 sixteen, while in 1928 the number shrank to nine.

I'd rather see a sermon than hear one any day;  
I'd rather one should walk with me than merely tell the way.  
The eye's a better pupil and more will find counsel in confusing, but example's always clear;  
And the best of all the preachers are the men who live their creeds.  
For to see good put in action is what everybody needs.

Obituary

There passed away at the home of her son, G. M. Rinas, of Kavanah, Catherine Rinas, at the age of 79 years and six months. There remains to mourn her loss, her husband, Michael Rinas, three daughters, Mrs. R. Wedman of North Dakota, Mrs. F. Reich Wainwright, and Mrs. H. Somshor, Wetaskiwin, and two sons, Albert M. Rinas of Millet, and Gustave M. Rinas of Kavanah. The deceased lady has been a resident of the district with her husband and family for twenty years. She was a member of the German Lutheran Church.

The funeral services were held from the Fredericksheim Baptist Church on Tuesday afternoon at two o'clock, the Rev. P. Putzner officiating.

## MILLET U.F.W.A.

On April 25th the U.F.W.A. met at the home of Mrs. Graham. The roll call was responded to by each member telling of their most embarrassing moment, and some of them proved very amusing indeed.

Letters were read by the secretary, Mrs. Ross, from Mr. Irvine, M.P., and Mr. Seymour, and were listened to with much interest.

Mrs. Higginson gave a splendid paper on "Poultry Raising," giving some very helpful suggestions.

Mrs. Graham was appointed convener of the flower committee to send flowers to any member being ill, and Mrs. Anderson was appointed convener of immigration.

The sum of \$10 was voted to be given to the Millet School Fair, which will be held in September.

Then followed an exchange of seeds and plants, which proved very beneficial, many members thus obtaining their desired plant.

The next meeting will be held on May 16th at the home of Mrs. Howard.

NEAR AND FAR

The Protestant churches on this continent increased their membership in 1928 by 573,723, while in the same year there was a decrease of 1,470 in the number of church buildings. This indicates that people are becoming weary of the foolish overlapping of churches, which is a good sign.

A new aerial beacon light of two million candlepower has been placed on the tallest building in the Middle Northwest, located in Minneapolis. The new light is about 450 feet above ground, 1,287 feet above sea level, and revolves at the rate of two revolutions a minute. It carries a two-foot parabolic mirror; its lamp is 1,000 watt T-20 type, which burns from sunrise to sunset. Establishment of this aerial beacon marks another step in aids to air navigation. The powerful light atop the skyscraper will help to guide aviators on their way at night.

The Tree Planting Division of the Forest Service, Department of the Interior, reports that there are now about 55,000 flourishing plantations scattered over the Canadian prairies where in former times one could travel for miles without seeing a tree. Besides affording shelter for homesteads and crops and preventing soil-drifting, these plantations have made it possible to establish orchards, vegetable gardens, and plantings of bush fruits such as raspberries and currants, all of which were practically unknown on the prairies a few years ago.

It was the first time the two dusky exteadores had met since the war, and they were comparing their more recent personal history.

"Mose," announced Ratus, "Ah's got a good job now."

"You got a good job? What at?"

"Ah's got a job bein' p'fessor of pathology to the college."

"P'fessor of pathology, big boy? You ain't read no write!"

"Seems lak yo' don't know what a p'fessor of pathology. Lemme lucidate. A p'fessor of pathology is de p'fessor what shows de folks how to go in an' out de college grounds."

The Times does commercial printing at right prices.

No jumpy feeling NOW when I drive through traffic

Nothing relieves tension so effectively as Wrigley's. The act of chewing, as motorists have discovered, has a gentle soothing effect. The healthful cleansing action of Wrigley's refreshes the mouth and steadies the nerves.

## ANGUS THEATRE

FRIDAY, 8 P.M. SATURDAY, 2:30, 7:30 and 9:30 P.M.

RIN-TIN-TIN in  
"MILLION-DOLLAR COLLAR"

Rinty has appeared in every imaginable setting since he began to be a picture hero. This time he is shown as the companion of a blind beggar—a fake in both blindness and poverty—and his acting has never been more human. This is a picture we highly recommend.

Big Boy in "Ginger Snaps" and Cameo

MONDAY, TUESDAY, 8 P.M. MAY 6 and 7

HOOT GIBSON in  
"RIDING THE WIND"

Never has Hoot had a greater role than in this picture of a cross-country race in which he has to ride like the wind to win. For speed, action and thrills, do not miss this one.

Comedy and News

WEDNESDAY, THURSDAY, 8 P.M. MAY 8 and 9

## "PLASTERED IN PARIS"

An uproarious fun-fest among the models and sculptors of Paris. You'll laugh at the antics of two boys who go out to fight the Riffs; ride a mile on a camel; get mixed up in a harem full of beauties; and rescue the General's daughter. This is a Fox special.

Wednesday at 8:30, Local Artists will be on the stage in one of the peepiest programs of the season.

## ANNOUNCEMENTS

\*\*\*Rin-Tin-Tin, the canine marvel, will be seen at the Angus Theatre on Friday and Saturday of this week, in "The Million Dollar Collar." Big Boy is also on the program. Remember that we have a matinee every Saturday at 2:30. Come and bring the child.

\*\*\*The W.C.T.U. will hold a rummage sale on Saturday, June 1st, on the east side of the track.

\*\*\*Hoot Gibson in "Riding the Wind," a Universal Special, will be seen at the Angus Theatre on Monday and Tuesday, May 6 and 7. News flashes and a special comedy complete the bill.

\*\*\*Don't forget the auction sale of pure-bred Jerseys, all ages, which will take place in Wetaskiwin on Saturday, May 25th. Particulars later.

\*\*\*"Plastered in Paris," a hilarious story of three ex-musketeers, will be seen on the screen at the Angus Theatre on Wednesday, Thursday, May 8 and 9. Keep Wednesday, May 8th open, and come and see the special added attractions of local artists.

\*\*\*The Scandinavian Ladies' Hospital Aid will hold a tea and food sale in the Lutheran Church parlors on Saturday, May 4th.

**ODDFELLOWS' ANNIVERSARY**  
On Sunday afternoon next the officers and members of Wetaskiwin Lodge No. 8 I.O.O.F. and Crescent Rebekah Lodge No. 6 will celebrate the 110th anniversary of the foundation of Oddfellowship in America, by attending Divine worship. The Sisters and Brothers are requested to meet in the I.O.O.F. hall prior to two o'clock and they will parade in a body to St. Andrew's church, where services will be conducted by Rev. L. R. Macdonald, a member of Miller Lodge. It is expected that a large number of members will be present from neighboring lodges. A cordial invitation is extended to the public to attend the services.

170 PRISONERS ON  
CONVICT TRAIN

Winnipeg, Man., April 25.—The convict train bearing 170 prisoners from Kingston Ont., to Western penitentiaries, reached here yesterday. Seventy prisoners were immediately transferred to Stony Mountain penitentiary a few miles north of Winnipeg, while the remaining 100 continued the westward journey to Prince Albert penitentiary.

The convict train consisted of four steel-coaches, the windows of which were heavily barred. Guards armed with rifles were aboard the train, while during the stop here 40 provincial policemen, also armed with carbines, stood guard.

## C.W.L. ELECT OFFICERS

The annual meeting of the C.W.L. was held recently, with a good attendance. The reports showed the best year since organization. The election of officers resulted as follows: president, Mrs. P. L. Greiner; past president, Mrs. N. Begun; vice-presidents, Mesdames T. L. Bourque, Fred Bourque and T. Kohler; secretaries, Mrs. T. Horeau and Miss M. C. Sullivan; treasurer, Mrs. Curt Smith. Convenors place added to the executive are Mrs. D. J. McCoy, Miss Hinchberger and Miss Florence Cairne. Mrs. Begun, the retiring president, was presented with a Roman missal, as a very small token in recognition of the excellent work and keen interest she had shown in all matters pertaining to the league during her two terms of office. Mrs. Begun very fittingly expressed her thanks for the gift, and promised the league her continued support.

CAMERA  
CHATS

Concerning Makeup—  
I am planning to have a photograph made. Some of my friends advise the use of ordinary makeup; others say to use none. What is your recommendation?—H. L. K.

Use a little powder and rouge if you feel that you must, though many charming portraits are made without these artificial aids. Avoid rouged lips. Red photographs black, giving the mouth a hard, unnatural look. A little strengthening of the eyebrows may be advisable. It is best to makeup at the studio, under direction.

## About Babies—

What is the most convenient and satisfactory time to bring my 10-months old baby to the studio for a photograph?—Mrs. W. L. R.

It is best to bring babies in just after a refreshing nap, and at the time of day when they are normally at their best; usually the morning hours are preferable. Telephone us a day or so in advance, and we will have everything in readiness. We pride ourselves on getting characteristic poses of even the youngest subjects.

## Appointments—

I live out of the city and will be in town on day next week to do some shopping. Could you arrange to photograph my skin without an advance appointment?—Helen H.

To avoid disappointment and delay it is always best to make a definite appointment. This may be done by telephone or letter. However, if circumstances make this impossible, we try our level best to serve out-of-town patrons promptly. Call our studio as soon as you arrive in the city, and if at all possible, we will arrange for a sitting.

## GUIDE NOTES

On Saturday, April 27th, the Wetaskiwin Girl Guides attended the rally of the Edmonton Guides and Brownies which was held in the Prince of Wales Armory. After the opening exercises, the Guides were inspected by Lady Rodney, Guide Commissioner of Alberta, accompanied by His Worship Mayor A. G. Bury, Mrs. Bury and Mrs. William Egbert.

A number of contests were held, in which the Guides were competing for the Jackson cup, the 11th North Edmonton Guides winning it, with Holy Trinity coming second. Miss E. B. Walker, captain of the Wetaskiwin Guides, won the Guides' race. Mrs. William Egbert officiated at the presentation of the trophies.

The Rally was concluded by a delightful lunch. The Wetaskiwin Guides all reported a delightful time, although they were a little shaken up after their ride up there and back in Mr. Memer's truck.

The Guides held their regular weekly meeting in the Armory on Wednesday last week. The meeting was opened with the usual ceremonies. Arrangements were made for our trip to Edmonton, to attend the Rally of the Guides and Brownies. The girls took their tests on the physical exercises. Then the Guides took their horseshoe formation, and the meeting was closed with the singing of "Taps" and the saluting of the officers.

You would not be ashamed of your stationery if it had been printed at The Times office.

## COME AND SEE the

Cockshutt  
Brush  
BreakerFEATURES OF  
MERIT

.....Rugged strength in every part. Heavy beam, thick axle, substantial broom.

Ample clearance for the passage of brush and trash—particularly good height under beams.

Unusually high wheels in keeping with the height of the beams.

Position of the yoke over the rear axle allows plow to be backed up easily by keeping rear wheel from swinging any more than is necessary to make an easy turn.

Lever is conveniently reached and easily operated. No swinging of furrow lever when clutch operates to raise or lower the plow.

Colter is substantial, properly shaped and well sharpened.

"Alumite" High Pressure Lubrication reduces wear and friction, making for longer life and lighter draft.

Long & Mier  
AgentsKIWANIS CLUB APPROVES  
MUNICIPAL HOSPITAL SCHEME

The regular supper of the Kiwanis Club which took place on April 23rd was of the nature of a business meeting, when the question of membership and attendance at meetings was fully discussed. Reports were also received from the treasurer and from the committee on Ladies' Night.

One of the most important matters discussed was that of the proposed Municipal Hospital for this district, and the following resolution, moved by Bill Prest, seconded by Dr. Gunderson, was unanimously passed:

"That the members of this Club heartily approve of the proposed scheme to erect a Municipal Hospital at Wetaskiwin to serve the needs of the people of this City and the territory adjacent thereto, and we wish to affirm our adherence to the principle that service to the sick is a duty imposed on the community at large and

should be rendered to the sick at a nominal charge only.

Dr. Gunderson, Chairman of the newly appointed committee for Underprivileged Child work, asked for certain information, and President Bob Grant suggested that any of the members hearing or knowing of any case in the community might refer the matter to the committee. It is hoped that through this committee much good work may be done in the district.

Mr. E. E. Sparks, M.L.A., being present, addressed the Club for a few minutes.

It had been hoped that the members could proceed to the playground and help to install the equipment which had arrived, but owing to the state of the weather that could not be done, but the Club as a body marched to the playground and inspected this equipment and discussed where it would be of advantage to place the same.
